

## Sunday Service: Transformation Series Part 1

18<sup>th</sup> January 2015

### The Word:

- Glory is the essence of God, it's who He is
- The glory of God is when He chooses to come, it transforms us
- The belief systems established in our minds come out of the experiences we've had
- God needs to come and dig out the past hurts and mind sets
- We fail to breakthrough when we refuse to change
- As Christians, we should always be transforming so that others can see the change
- When we don't change, we conform to the pattern of this world
- Conformity is to be in agreement with something that does not comply with God's way of thinking
- There are seasons where God brings miracles and seasons when He brings healing
- A miracle is a creative and instant supernatural intervention of God
- Healing is to restore, reinstate, repair, renew, bring something back to its original condition
- When Jesus died on the cross, we became benefactors of the cross and of the Kingdom of God
- All revelation is to shift, advance and transform us
- Every time we come into the presence of God, we are being transformed to shift the thinking that isn't from God
- It doesn't honour God to live in defeat, God wants to transform us into His image
- Don't stop growing and advancing, allow the transformation of God

### Key Scriptures:

- 2 Cor 3v18 "We all, who with unveiled faces contemplate the Lords glory, are being transformed into his image..."
- Romans 12v2 "Do not conform to the pattern of this world..."
- Matthew 11v28 "Come to me all you who are wearied and burdened..."
